**Greater Boston Chapter
of the ACM**

Our Mission

Provide local professionals, members
and the public at large with a forum for
increasing knowledge of modern computing
technology and best practices.

Speakers

Ken Sipe

Technology Director with Perficient, Inc. (PRFT), IBM's largest service partner, where he leads multiple teams in the development of solutions in the SOA, Web 2.0 and portal domains, on both the Java and .Net platforms.

Craig Walls

Professionally developing software for over 15 years (and longer than that for the pure geekiness of it). Author of *Modular Java* (published by Pragmatic Bookshelf) and *Spring in Action* and *XDoclet in Action* (both published by Manning).
